Banner Exchange Code
Here is where you can your personalized banner exchange code to place on websites.

On Your Sites (468 x 60) **On Your Sites (125 x 125)** **On Other Sites (468 x 60)**

Other sites where you would like BoB banners to be displayed.
other sites where they can be entered. The images displayed are **468 x 60** pixels.)

Target URL:
<http://bucketsofbanners.com/banlink.php?rid=25077>

Examples of other sites to place these links are sites that have banner advertising and ask for a link to a banner Traffic Exchanges, Mailers, and even other Banner Exchanges.

Think about this... If you are a member of a Traffic Exchange and you have a great deal of credits to show banner credits and you will only be advertising on that site and that site alone. If you place the BoB links into that Traffic Exchange gaining credits to have your ads shown across an entire network of BoB sites!

Now enter your Infoazi or 3x Advertising account. On the left menu select **Advertising**.
